

16TH WORLD CONGRESS DENTAL TRAUMATOLOGY

Verona, Italy - June 11-13, 2010

DEFINITIVE PROGRAMME PROGNOSIS IN DENTAL TRAUMATOLOGY CURRENT CONCEPTS Official Languages – English, Italian

Friday 11.06.2010

14:00-18:00 Pre-congress Course

"An overview on autotransplantation of teeth: controversies, indications, techniques and long term clinical experience"- **Dr. M. Tsukiboshi (Japan)**

Saturday 12.06.2010

08:00-09:00 Registration

09:00-09:30 Opening ceremony (Prof. E. Dorigo, Prof. PF Nocini, Dr S.Rampulla, Dr F.Oreglia,
Prof. Elisabetta Cotti, Prof. Maso Caprioglio)

09:30-10:20 Moderators: **Dr. L. Andersson - Dr. C. Caprioglio**
Psychological approach to dental trauma - **Prof. V. Andreoli (Italy)**

10:20-10:50 Break Poster session I

10:50-11:40 Direct and indirect restorations in traumatized teeth - **Dr. A. Monari (Italy)**
11:40-12:30 The response of dental tissues to the treatment of dental trauma - **Dr. N. Perrini (Italy)**

12:30-13:30 Oral presentations I

Moderators: **Dr. P.A. Marcoli – Dr. C. Bourguignon**

12:30-12:40 Comparison of calcium hydroxide and mineral trioxide aggregate for partial pulpotomies in permanent molars – **P. Chailertvanitkul, J.Papungkornkit, N. Sooksuntisakoonchai, N. Poomas, P.V. Abbott (Thailand)**

12:40-12:50 Pulpotomy in Traumatized anterior teeth: calcium hydroxide or mineral trioxide aggregate?
M.P. Di Caprio, F. Riccitiello, C D'ambrosio, V. Di Gennaro, L. Marotta, S. Rengo (Italy)

12:50-13:00 Complications of unmet treatment on traumatized incisors in paediatric patients
D. Sharma, S. Garg, S. Swami (India)

13:00-13:10 Efficacy of Triple Antibiotic Paste to Repair Periapical Lesions of Infected Immature Teeth: A Case Series – **M. Sheik Nezami, N. Mokhber, K. Shamsian, S. Saket (Iran)**

13:10-13:20 It is time that light reaches the apical portion of root canal
K. M. I. El Batouty (Egypt)

13:30-14:30 Lunch break

Moderators: **Prof. L.K. Bakland – Prof. E. Cotti**

14:30-15:20 The approach to trauma in pediatric dentistry – **Prof. M.T. Flores (Chile)**
15:20-16:10 Efficacy of Cone Beam Computerized Tomography in Dental Traumatology -
Dr. M. Tsukiboshi (Japan)

16:10-16:40 Break Poster session II

16:40-17:30 The place of accident – where the prognosis is decided - **Dr. L. Andersson (Kwait)**

17:00-18:45 Oral presentations II

Moderators: **Prof. F. Riccitiello – Prof. B. Malmgren**

- 17:00-17:10 Evaluation of Pulp Tissue and Periodontal Regeneration in Autogenous Transplantation Dog Teeth after Different Treatment Methods
M.M. Ferreira, L. Cavalho, M.F. Botelho, E.V. Carrilho (Portugal)
- 17:10-17:20 Knowledge of management of traumatized teeth among Iranian school nurses
B. Dadresanfar (Iran)
- 17:20-17:30 Multidisciplinary approach for saving the teeth with severely Crown-Root fracture: A case series
N. Mokhber, M. Sheikh-Nezami, K. Shamsian, S. Saket (Iran)
- 17:30-17:40 Presentation and management of paediatric dento-alveolar trauma in a dental hospital in Ireland
M J. Kinirons, C J. Stewart, P. Delaney (Ireland)
- 17:40-17:50 Replantation of two avulsed maxillary incisor with antiresorptive therapy- a case report
H. Nentwig, H.-P. Freitag, G. (Germany)

19:00-21:30 Welcome dinner with the sponsors

Sunday 13.06.2010

Moderators: **Dr. M. Tsukiboshi – Prof. S. Pizzi**

- 09:00-09:50 Endodontic considerations in dental trauma -**Prof. L.K. Bakland (USA)**
09:50-10:40 New Approaches for Pulp Regeneration – **Prof. K. Hargreaves (USA)**

10:40-11:10 Break Poster session III

- 11:10-12:00 Implant solutions in trauma cases – **Prof. L. Sennerby (UK)**

12:00-13:30 Oral presentations III

Moderators: **Prof. N. Zerman – Prof. A. Di Angelis**

- 12:00-12:10 Reversible discoloration of the coronal fragment in incisors with intra-alveolar root fractures
B. Malmgren, S Hübel (Sweden)
- 12:10-12:20 Initial Management of Avulsions – Two novel techniques
P. Foltyn (Australia)
- 12:20-12:30 Condylar fractures in the growing patient: the importance of early diagnosis and treatment
P. Defabianis (Italy)
- 12:30-12:40 New Paradigms in Diagnostic Imaging in Dental Traumatology
R. Lenzi, M.M. Lenzi, K. Spyrides (Brazil)
- 12:40-12:50 Periodontal healing following avulsion and replantation of teeth, a Randomised Clinical Trial
P.F.Day, M.S.Duggal, T.A.Gregg, P.Ashley, R.R.Welbury, B.O.Cole (UK)
- 12:50-13:00 Horizontal Root Fracture: Different Complications, Appropriate Approaches
K. Shamsian, M. Sheikh-Nezami, N. Mokhber, S. Saket (Iran)
- 13:00-13:10 Root resorption during orthodontic treatment in severely traumatized teeth
I. Jönson Ring, B. Malmgren (Sweden)

13:30-14:30 Lunch break

Moderators: **Prof. M.T. Flores – Dr. L. Paglia**

- 14:30-15:30 Treatment of complex dentoalveolar fractures - **Prof. P.F. Nocini (Italy)**
15:30-16:30 Can healing complications be predicted? – **Prof. J.O. Andreasen (Denmark)**

16:30-17:00 Research Poster awards Coordinator : **Dr. Lamar Hicks**

(Prof. Mario Berengo, Dr. Chiara Baroni, Dr. Claudia Dettori, Dr. David Kenny; Dr. Antonio Renato Lenzi; Prof. Alessandra Majorana; Dr. Alex J Moule, Dr. L Paglia, Prof. Silvia Pizzi, Dr. Yango Pohl; Dr. Dino Re, Prof. Asgeir Sigurdsson, Dr. Enrico Spinasi; Prof. Martin Trope)

- 17:00-17:30 Closing remarks
